Todd,

I've really enjoyed getting to know you! You're so super sweet! Work was definitely a lot more fun since I met you. Thank for putting up with everything that's happened. You're truly a <u>great</u> friend. I'm sorry for all of the problems I've dumped on you. Thank for caring. You're about the only guy I know who would have put up with everyone asking a lot of questions like ~~you~~ you did. Did that make sense?) Anyway, your friendship really means a lot to me. Whether it's seemed that way lately or not, you're a really special guy and I feel lucky to be able to say you're my friend. Thank for ~~you~~ being there for me when I was depressed. (99% of the time, right? No.)

Anyway, I'm sure you're probably tired of reading this so I'll finish it soon. Good luck at tech. Have a fun summer. (Lots of fun, Right?) I hope we can always be friends. And any time you're in town please call ~~me~~ Maybe Jeff, Cynthia, you and I can go do something. As friends of course. Thanks for letting me be part of your life. Well, it's about time to go. So good luck in life.

Love,

Amy Pezzarossi

P.S. You look TERRIFIC in a tux!!

The last of the freedom kids is an accurate way to describe the class of 1987. We are the last class to understand the phrase "open campus" and the class that made it through all the changes. The Big Blue Crew has returned, but not as the football team, the band or the cougarettes. The Big Blue Crew is everyone: the parents, the faculty and most of all the new attitude.

The seniors, juniors, sophomores and the freshmen joined together with their parents and the faculty to rekindle the school spirit that was destroyed by the changes of the previous year. We've finished adjusting to the new rules and have begun new traditions that will make us remembered as the leaders of the BIG BLUE CREW'S RETURN.

The 1987 Talisman dedicatee is Mrs. Wanda Knight. Mrs. Knight is known on and off campus as one of the most spirited and dedicated teachers at Cooper High School. She is a constant form of encouragement for all students and it is not unusual for students to seek her advice. Mrs. Knight has taught typing and has been the business sponsor for the yearbook in the recent years. She is presently teaching Economics. Mrs. Knight has always been actively involved in Senior activities which include the Senior Musical, Bar-B-Que, and the Senior Trip. She has also made it a habit to send small gifts to many student leaders when they get discouraged. Married to Darrel Knight, together they have two children, Dee Ann and Darell James.

It is with great honor and pride that the staff of 1987 dedicates the 1987 Talisman to Mrs. Wanda Knight.

What separates the superior from the average? Websters Dictionary defines superior as surpassing others. The Class of 1987 has earned the superior rating. Although we have witnessed closed campus, construction, House Bill 72 and new school policies, we became leaders not strictly by desire, but out of necessity. We made our senior year one to remember. Through our presentation of "On Your Toes" and a Senior Prom that rocked the town, we left a trail of success. We have finished a phase in our lives that we will not forget. It is now time to move forward and make our impression on society. Cooper has finally felt the presence of

LANGFORD, GEORGE

WHAT'S IT LIKE . . .

TO BE A SENIOR?

Rick Edington: It's the most fun year that I have had at Cooper. Playing Soccer has added to the fun.

Christina Herrera: It's fun and great to be the head of the School. Being in the CHS Band has brought me alot of new friends.

Jennifer Cofer: It's interesting at times. Most of the younger ones look up to you because you have a lot of goals and know where you're going.

David McDonald: It would be fun except if it wasn't for Closed Campus. I'm glad that I can finally go off to College after this year.

John Thompson: It's like a Bunch of Monkeys in one Bucket!! No, seriously, you're finally fixing to achieve your goal that you have strived for the last 18 years.

Becky Clinton: Being a Senior has brought on many important decisions. It's also leaving me great memories of all the fun and hard studying. Out of all my years at Cooper, I will remember my Senior year the best!

The Foreign Language Department at Cooper offers four different languages—French, German, Latin, and Spanish. The main goal of the Foreign Language Department is to better appreciate and to promote other cultures, to be able to converse while traveling to other countries, and to read magazines and literature in the target language.

Many students participate in Foreign Language Contests and the State Conventions. Some classes sing Christmas carols in nursing homes or on lawns of friends and faculty members. Some communicate with penpals from other countries.

All foreign language students are encouraged to be more tolerant of people from other lands and more accepting of other cultures.

1986-87 FOOTBALL SEASON

For the third time in four years the 1986-87 Cooper football team began the season with a new coach. Under the leadership of first year coach, Larry Peel, the Coogs were guided to an overall 3-7 record. They began the season slowly with consecutive losses to Brownwood and Wichita Falls; however, the Coogs rebounded with a come-from-behind victory over Lubbock Monterrey. The Coogs were once again victorious the following week by a 14-10 thrashing of the Odessa High Broncos. Their next opponent proved to be stronger than the previous one where the Coogs were downed by Wichita Falls Hirschi on Homecoming night. Next, the Coogs faced the three toughest teams in the district and were unable to manage an upset against Midland Lee, Odessa Permian, or San Angelo. The Coogs then lost a heartbreaker against cross-town rival Abilene High; however, the Coogs rebounded by smashing Midland High 41-14 in their final game of the season.

Although the season did not match the high expectations of the team members and coaching staff, the stage was set for future district championships. Even though the Coogs finished fifth in the district standings, they were led by a predominantly senior defense and high-powered passing attack. So here's to the SENIORS of 1987 and best of luck to the coaching staff and players in their pursuit of the district championship.

Each year when baseball season rolls around there's talk about a state championship for the Cooper Cougars and Coach Andy Malone. Since the arrival of Coach Malone in 1983, the Cougars have come close, but have yet to reach the top of that huge mountain—the State Championship. Although they haven't made it all the way to state, the Cougars have still had some great seasons. Since 1983 the Coogs have compiled an impressive record of 124 wins and 24 losses. They have won 3 District championships, 3 Bi-district championships, 3 Area-championships, and 1 Regional championship. They have also reached the state quarter-finals.

Most teams would be completely satisfied to have established themselves with such an impressive record, but not the Cooper Cougars. They are hungry and their appetite is not satisfied yet. They want a taste of the state championship.

With six returning starters from last years' regional finalists team and a lot of young talent the taste of "state" doesn't seem too far away. It could even be this year with Cooper Cougar baseball—"*The Best Is Yet To Come.*"

After returning from a two year absence, Coach Gina Young began the '86 volleyball season with a young, inexperienced, but enthusiastic and dedicated volleyball team. No returning lettermen were on this team of 3 seniors, 6 juniors, and 3 sophomores. But by the end of the year, Cooper was a team to be reckoned with. They played every game with intenseness and desire, ending the year with a 4-8 district record. The final game with Abilene High featured a victory of 15-13, 15-2. Next year the Cougars have the talent to be district contenders.

Second team all-district was awarded to Kathi Jones (jr.); and Schelle Payton (sr.) and Cindy Harrison (jr.) were given honorable mention honors. Awards for the year were as follows: Outstanding Hitter—Kathi Jones, Outstanding Server—Shannon Ireland, Outstanding Defensive Player—Schelle Payton, and Outstanding Setter—Cindy Harrison.

They won consolation in two tournaments—San Angelo J.V. District Tourney and the Snyder J.V. District Tournament. A second place finish was recorded at the Clyde Varsity Tournament. Paula Scott and Karla Casey were named to the all-district team. The continued hard work and improvement of these 16 girls will be important building blocks for the volleyball program at Cooper.

The Cooper boys and girls golf teams are under the leadership of Coach Prentice Martin. The boys team has proven its excellence by capturing the district title for the last seven years.

This year's team was led by six returning senior lettermen. They are Doug Moore, David Bolin, Ken Murphy, Vic Overman, Lane Petty and Rollie Sheppard. Also junior lettermen Matt Browning and Robert Joyner made significant contributions.

Since the rebirth of a girls golf team last year, the interest in Cooper's girls golfing program has increased greatly. This year fifteen girls participated in golf which includes two-time district Medalist Michelle Hapack.

The Cooper golf teams have always done an outstanding job representing their school. The students and faculty can be proud of the effort put forth by these individuals.

The 1986-87 Cooper High School Swim Team is doing very well this year even though the odds are against them. Over half of the team consists of new swimmers. The boy's team is smaller than it has ever been, but individual talent keeps them at the top.

The girl's team is doing well as a team and also has a great deal of individual talent. The loss of last years eight seniors really hurt, but the spots were filled by incoming freshman and sophomores. The team, coached by Ms. Ball, is young and is expected to do well in the future.

BOY'S TRACK

BOY'S TRACK

Track began this year for most Cooper track students on the first day of school. The Cooper track team spends most of their time striving to be the best by practicing long and hard, whether it be the mile relay, discus or whatever they may do. The hard work pays off. Several people go to state. With the great coaches we have at Cooper, they wouldn't have it any other way. The Cooper track team this year was very large and did great at their meets. Stamina, determination, and a want to be the best. These are just a few things that make the Cooper track team what it is today. With this leadership, the 87 track team had a great year.

The sport of cross country demands a very special athlete. He must be very dedicated and have good work habits. To excel in cross country an athlete must be able to adjust to changing weather conditions.

The 1986-1987 cross country team was very young and bursting with energy and enthusiasm. Although the team was small they were good. They improved as a team as well as individuals. The Cooper cross country team did a great job of keeping the Cougar name one of pride.

CHEERLEADERS

TO DONNA WITH LOVE

At first we hardly knew each other; no one knew how to act.
But it was you who broke the ice and laid down every fact.
All was erased from the vicious past, we started with what we knew.
Each girl began to work her hardest—our inspiration was you.
You took away from your personal life and went with us to camp.
As a group we trained and laughed and cried—you were there when spirits were damp. Then the time had finally come to show what could be done.
"Pep rallies need perfection," you said, "Mistakes are to be none."
The events were all exciting, each one better than the last.
Weeks went by like days as they were swallowed by the past.
There were times when some of us, while anxious to end the day,
would "goof around" against your will and find the time for play.
Although you might have been tired and things could easily make you mad.
In the end you always seemed to smile as if saying, "They're not that bad."
You're more than just our sponsor; you're our second mom and our friend.
We are proud to say *WE LOVE YOU* as the year comes to its end.
No words can describe how wonderful you are.
Even as the days quickly pass us by.
But we'd do it all again with you if given the chance . . . The '87 Cheerleaders of Cooper High.

The United States Air Force, in their annual evaluation, awarded this unit its highest rating possible—HONOR UNIT. This places the Texas 794th in the top twenty percent of 300 units throughout the world. In addition to its six Air Force Academy nominations, designation as Honor Unit gives Cooper three nominations to the Military and Naval Academics. Only cadets who have completed two years in the JROTC program are eligible for these nominations.

The diversity of subject matter taught in the Junior ROTC program equips students for many walks of life after high school. Cadets learn about commercial, general, and military aviation. Information concerning over 350 careers is provided in these fields. Theory of aviation, aircraft construction, navigation, rocketry, and propulsion systems are taught. Leadership education includes instruction in management, problem solving, human relations, and communications skills. In addition cadets are given the opportunity to apply learned leadership and management skills in the daily operation of the cadets corps. A students who completes the JROTC program is able to deal with people in a positive way, make a better life for themselves, and become a better informed decision maker in todays society.

ART

The Art Club is designed to allow students who do not have time for a formal art class to participate in art activities. Students who are enrolled in art classes have an opportunity for enrichment and extra in-depth experiences that cannot be achieved in the normal art classroom.

Art club members designed and planned their own shirts for the club this year. Each person brought a tee shirt or sweatshirt and painted them according to their own fancies during a weekend workshop. Paint and brushes were furnished by the club.

In January the club sponsors, Martha Kiel and Beverly Norman, plan to take the Art club members to the Abilene Fine Arts Museum in Rose Park to help students become familiar with the facility and aware of the importance of viewing primary art sources. Terry Kean who is the museum curator will discuss the exhibit with the young artists.

Other field trips will include Saturdays to Buffalo Gap to the Rhondesvouz Sculpture Foundary and to Albany to tour the Old Jail House Museum. Finally in April the club plans to visit Ft. Worth for a day at the museum there.

Club dues are $2.00 per year for each member. A fund raiser is planned for January to raise money for the trips. Students pay for part of the expenses themselves. The club is open to all Cooper students whether they are taking an art course or not or feel that they have any talent. The sponsors hope to help students enjoy art more and give all students an opportunity to have some exposure to the visual arts.

Students from both Cooper and Abilene High are presently enrolled in the program. This year they are working as a production shop. As of December 1, 1986, the students have completely repaired and repainted 47 automobiles. Hopefully when the seniors in the program graduate they will be able to continue work in the auto body trade. Many of the graduates are now employed in the many auto body repair shops in this area. You are invited to come by the auto body shop and see how their shop program operates. The sponsor of Auto Body is Mr. Reford Schmittou.

After talking with previous editors of the TALISMAN, I knew when I was chosen to be an editor that I was going to have a hard year ahead of me. Being an editor has been a wonderful experience. It has not been easy, but it has been more than worth it. After putting in so much time, it is hard to believe that something this important is already over. Even though the book is finished, the memories will never die. I can say that I have some wonderful memories to look back on.

Fran, you are one of the strongest people I know. I appreciate the times you were there for me. I also appreciate your hard work and dedication to this yearbook. Janice, you are such a sincere, wonderful person. You wanted things to be done to the best of your ability, and you did not stop at anything until it was done. No matter what you both were doing, you always had time for the yearbook. We all had our good and bad moments, but I learned so much from the good and bad. I love you both very much, and I will never forget either of you, or the things you both have done for me.

To Mr. Holladay whom I owe so much—no matter what happened, you always seemed to believe in me. You always let us take full responsibility. Thank you for having faith in us that we could pull together and make things work. You are so dedicated to young people and your job, that has made me want to succeed even more. You are the best role model a person could have.

Ms. Neely, when you came into TALISMAN, it seemed like you had no doubt about what you were doing. You have done a great job and you have touched so many people's lives.

I would like to thank 3rd, 4th, 6th period, and our photographers for doing such a marvelous job. You have put together a yearbook that our entire staff can be proud of. You are still all wonderful. I want to give a special thanks to 4th period. I have learned so much from being in class with all of you this year. You are all so different, yet you are all the same. You are working toward a common goal, yet remain individuals with unique personalities. I thank you for your hard work. I have now learned to accept each different personality, when we put all of our different ideas together we are made as one, a team, the 4th period TALISMAN class, Thank you, everyone of you, for working so hard.

Jenell, you're one in a million and did more than your share. I wanted you to know that it didn't go unnoticed. Thanks, to Jo Martha and Di, the two of you listened to me every day. We had some talks that I will never forget.

Jo Martha thanks for all the extra pages you did. Kari, I have been in TALISMAN with you for two years now and can honestly say you are *wonderful!* Thanks for always knowing when I needed a hug. Have a great senior year.

Kevin and Mike, thanks for spending so much of your time on this yearbook. Now maybe you will have time to go to the movies and see more than just the previews. Ha!

Mrs. Wood, you are such a wonderful person and teacher. You were always there for me and seemed more than happy to help. Thanks for being so understanding and concerned. I appreciate all that you have done for me. Mrs. Knight, I will never forget all the times you took some of the burden off of my shoulders. You listened and that helped so much. Sometime I would love to hear again about your trip to Greece.

I owe a special thanks to Mitzi, Michelle, Samantha and Allison "the best squad" in the band. I will never forget this years homecoming or all the trips to contest. You are *all* very special girls.

From the bottom of my heart I want to thank my friends, for being supportive and understanding. Everyone of you somehow found the time to listen and that meant more than anything to me. Jennifer Allen, thanks for helping me that day that I needed to go to a yearbook meeting. I couldn't have made it without you.

To the people I eat lunch with, you are the people that helped me make it through the day—everyday (even the one's who never ate.) Thanks S. P. and A. K. for spending extra time with me and being sympathetic. Thank you to the girls in 6th period for listening to me and for being able to relate to my situation. To Kim Smith—I don't know if you have ever realized how much you have helped me throughout this year. You have helped me by just talking about deadlines, etc.

I owe a huge thank you to Craig, James, Steve, Mark, Scott, and Sam, the "Inner Circle". I have learned so much this year, just being around you guys! You each have set some kind of goal for yourself and are always reaching toward those goals. That is very important, and I hope you will continue to achieve the goals you have set for yourselves. J. B., I appreciate you for letting me cry on your shoulder. S. M., thanks for helping with the theme pages (you oughta be in pictures).

Max and Corey, you are two of the best guys I have ever met. Max, you're a great guy and I don't know what I would do without you. Corey Von, you are a doll and I owe you a big hug. I don't know how you put up with me talking about TALISMAN constantly. Thanks for keeping me from going crazy.

Hollie and Jennifer, I would like to thank both of you for being my friends. You both helped me keep my strength. Hollie, I will never forget all the things you have done for me. You have been my friend since 5th grade and I can't imagine going through the years without you. I appreciate your sincerity and your always believing in me. Jennifer, more than anything, thanks for giving me chance after chance. You are a very strong, optimistic person. You both are very special people.

To the two most important people that I know, my parents. I love you both very much and give so much thanks to you. I have always known that I have wonderful parents, but after this year I have decided that I have the best parents I could ever hope to have. You understood when I had to leave and spend the evenings working on the yearbook.You said not one word when I had my class over to work on our deadlines. You seemed to accept the situation no matter what had to be done. You did whatever you could to help even if it was just staying up at night listening to me talk about our yearbook. I also thank my sister and my brother for helping me finish up for our last deadline. I really could not have made it without you.

I also want to thank one of my dearest friends—Freddie Wagner for just being the wonderful person that he is, and for always showing me the bright side of everything.

This book has been a vital part of quite a few people's lives and it has made the 1986-87 school year very special. The year might be over and might bring some sad thoughts about leaving and not being able to work on the yearbook next year, but I have learned that in the end THE BEST IS YET TO COME!

OK. I have tried to write this letter three times! I am going to do it for real this time. Believe me this is the hardest letter I have ever written. There is so much I want to say, but there aren't enough pages. Actually I can't believe it's over; the 1987 TALISMAN is finished. I feel a little bit empty, no more late night working, no more discussing all kinds of problems with you Dana. Fran no more cheese flavored Doritoes. I have to say thanks to both of you. Thanks for sticking with this. You are both wonderful friends, and I love you both very much. I can't help but think of those days when I thought we would kill each other. Now I can't think of any two people I would have rather worked with. We each helped balance the others. Ya'll are the greatest. To third period, you all did an excellent job. I hope you are very proud of yourselves. To fourth, what can I say? Ya'll are wonderful. Thanks so much for all the time ya'll put in, and especially when the only answer I had for your questions was "I don't know". To the business staff I say thank you for this book; it would be impossible without ya'll. To Kevin and Mike thanks for giving up several weekends, and putting up with the meanness.

Mr. Holladay, thank you for having confidence in us, and knowing we could make this book. Miss Neeley thank you for all your support, and for not getting mad the thousands of times I came into your fourth period class. Oh yeah, I can't forget to say thanks to Jenell, Wendy, and Amy for listening to all my complaints. Most of all I suppose what I ought to say is that the thing that makes the TALISMAN staff so special is that there are so many types of people working on the book. There are some calm people, some sweeties, and some wild people, and somehow when they are put together it doesn't matter that they come from different groups. They all work to make a wonderful book that holds memories for everyone, and that's just what ya'll did. I know that ya'll are some super people, and I will never ever forget ya'll. Everyone of you in TALISMAN has a place in my memory forever even those who just came to visit from across the hall. Russ, James, and Sheppard. (Especially J. H. for typing this for me.) I love you all, and I truly believe in the years to come, I will be proud to say I knew you.

Janice

Now that everything is finished, it is time to tell everyone how wonderful they were. To Dana and Janice: I realize that at times we had our moments, but together we made it. I'm glad we got to know each other. To "my third period staff": I know I was let's say bossy at times but you guys went along with me and humored me when I was in one of my moods. But, most of all you forgave me when I was wrong. (although I do recall getting fired at least seven times).

I'd like to thank my parents who were just incredible. They survived a house full of 27 teenagers, eating, laughing, typing, swearing, arguing, complaining about the ice trays and staying until all hours of the morning. I know that I have been difficult to tolerate much less live with and I thank God for giving me such wonderful parents.

Julie—My best friend, you listened to me when I was lost, confused, and needed that very strong shoulder. Thank you for telling me that I wasn't such a horrible person.

Kate—I'll never forget our first "friendship" talk. Of all places, the bathroom. We took to each other like we had been friends for years. I told you then that things would be fine and look I was right. Tara—I'll always remember yelling at you to go to my room if you wanted to complain about someone. It worked. You are an incredible person. Thanks for sticking by me. Amy J.—You were there to call me names when I really needed to be put on the other side of the line. Thank you for always being as great as you are. Kevin, Mike and staff— I am sorry I lost my temper, but I think you forgave me. In many years maybe you'll realize that I really thought you did a great job. Wendi—I know I was often impatient with you but you took me well. Luv Ya. Alison, Brian and crew— I will miss you something awful. I've gotten to know you all as terrific people. I'll remember Chuckle's laugh, Caroline's work, Julie's stories and yes, Kevin's pages. If you guys learned anything from me I hope that you learned you can do anything you want to, just because you are special. Mike Gill and James Holmes—I love you two people more than anything. I know you weren't even on the staff, but when we were thrown together as officers you took care of me. You let us have our meetings at my house so I could also work on the yearbook. When I needed help typing you came to my rescue. I know that after graduation, we probably won't see each other but when you remember me remember me on the chair by the bar.

Angie—What a pair we made. Friends forever would not be long enough for us. You are such a special person, please let me be on your mailing list when you leave for school. I want to keep in touch with you.

Darrell—Well, here is the book. What do you honestly think? Wait! Before you tell me what I did wrong, let me say a few things that I have wanted to tell you all year. I am so glad that I got to know you. You are such a special and caring person. At first I thought you hated me because I was "different" but after a while I realized that you show your feelings in a special secret sort of way. I hope you really like this book. Your approval would mean so much to me. I would like to thank the business staff, Ms. Neely and Ms. Dick for letting me skip her class for yrbk.

In closing my letter to say good bye, I would like to make something very clear.

If you feel that this isn't one of the greatest yearbooks in the world, I am sorry. But that doesn't mean I or the staff failed. Our job was not to create the best but to represent the school year in the best possible way we knew how. As we give you this book, we are giving a year's worth of our lives on paper for the public to inspect and critique. But, whatever you think, remember that, for every page in this book, there was at LEAST 3 hours of work. That is at least 1200 hours of my senior year went into this book. Although I am relieved that it is finished, I would do it again.

God Bless

I would just like to thank everyone for all of their help this year. M. K., S. W., L. D. You've done so much. Mr. Holladay, thanks for putting up with us. Thank you Mr. Cummings for letting us borrow "stuff". M. H., thanks for helping us out when we needed it. And Kevin, we really did it. It was a lot of hard work and a lot of boring Friday nights but I think it was worth it.

Thanks, Mike

Thanks to the photography staff for working endless days on this yearbook. S. S., M. M.,M. K., S. W., and L. D., and also to the people who helped us who weren't on the TALISMAN staff, (especially M.H.) To Mrs. Neely, thanks for finding the money somewhere for us. To F. B., D. S., and J. H., thanks for understanding the little setbacks. Mr. Holladay, even when things weren't going well you were right there to help us get it finished. You've been a great friend. Finally to M. M., thanks for being there through this whole nerve-racking ordeal. I couldn't have done it without you.

Kevin Smith

To all of you on the business staff . . . Thanks guys! Remember you thought you couldn't do it, and you did great. Barbara and Anita, you all did more than words can say. Eric, the sports coat was you! Shannon, I'm glad you knew so many people! Stephanie, Ruth, and Lisa, the club pages are finally done! Paul, thanks for driving me when my car broke down. Alicia, see . . . we found something for you to do! Kristi, drive carefully! Stacey, you're great, incredible and above all . . . organized!

Thanks all,
Yolanda

Pride, I have truly come to know the meaning of the word through my work for the past two years on this esteemed yearbook. The word Talisman is defined as an object held to have magical powers. Indeed, this book reflects just that—MAGIC! Of course, this power is brought to it through the magical workings of such incredible people as Fran, Janice, Dana and Yolanda. Thanks to all of you for allowing me to experience and share in that magic. Especially you, Yolanda! You welcomed me with open mind and heart and together we made quite a team! To the entire staff of 6th period, I'd like to say a special thanks for your understanding and patience as I learned along with you. We were a small but powerful group and I love you all! To 3rd and 4th periods—sorry, for the frequent notes and thank you for your forbearance. I know communications broke down for awhile, but in the end, well—we did it together!

Mr. Holladay, you will probably never know how much richer my life is for knowing you. You are a true inspiration. Thanks for just being you.

Last, but never least, Miss Neeley, we did it! Your organizational ability and creativity were an inspiration to me. I have admired you greatly these past three years. Thank you for everything.

It is with great joy and brief sadness that I leave, for memories' sake, the 1986-87 Talisman Yearbook.

The yearbook is nearly all done, and as it comes to an end, I have begun to realize that this is just the beginning to alot of goodbyes. I couldn't help but feel lost as I realized that a big part of my high school life is being taken away from me. But, then again, it isn't. As I look at each page, of the laughter and tears, the panic before the deadline and the relief afterwards, the disappointments and pride that went into its making, I know that all the memories will be preserved forever. But now I have come to the hardest part, trying to express with words my appreciation to all the people I love most. First of all to Fran, the person who made it all possible. I know I would have fallen apart without you. You always knew when I needed a griping-out to keep me going and when I needed a friend to make me laugh at how ridiculous it all was, you were there. To Tara, Amy and Allison, I'll miss all our parties, because I've never laughed so hard while I was working in my life. I don't know what I'll do without all the "Plan Your Own Adventure" stories. To the rest of 3rd period, ya'll are wonderful and even if I never told you, you did a great job!! To C. G., I want to thank you for supporting me through all my nervous breakdowns. I love you lots!!! And to R. G., W. C., L. C., J. B., and E. G., I couldn't ask for better friends. Thanks for everything. It's been a great Senior year. I wouldn't change a thing. And to all of you who don't like this yearbook, we don't care because it's OURS!

I don't know where to begin: there's so much to say. To the whole staff—thanks for everyone being themselves and doing their parts in making "this book" so unique. Now I would like to show a little more gratitude to Jan, Les, Jo, Dana, Fran, Wendy, Tonya and Laura. You extra special people made working on the "T" all worth it. To Jan—thanks for the transpo., for putting up with me all year, for standing up to Coach P. for me, and for all the "don't tell anyone" secrets! To Les—thanks for being patient with me, running errands, and listening to my gripes (especially about who I hate). To Jo—thanks for being there when I need you—you're a great person to talk to, wake-up! To Dana and Fran—even though we didn't talk much this year, thanks for letting me be there for you and you for me when the going got rough, always remember our lines: Don't everything will be okay. To Wendy, Tonya and Laura—thanks for putting a smile on my face whenever I was down. You all knew how to make me laugh, and never failed. (Not just from Advil) Thanks for all the good gossip! (even about Chris) To all of you above, each and everyone of you are special and hold a treasurable place in my memory. Mainly as the greatest friends a person could ever want. (Thanks photographers, alot!) Last, but not least, to Mr. H and Ms. N. Thanks for your patience and understanding in letting us put together our book, '87 Talisman. To my dear Parents—thanks for bearing with me throughout my Senior year—I LOVE YOU. And to God, I just want to say thanks for everything and everyone. Finally, I have to say good-bye, but I can't. So until we meet again . . .

Later,
JENELL PAUL

We did it! It's a beautiful, fantastic, super book, and all of us shared a part in making it what it is. Aren't you proud when you look through and see something you thought of, slaved over, erased, and finally put on paper? I know I sure am! There are so many people I want to thank—I'll begin with Fran. You, my pal, have put up with everything! Many times when I was going to lose my mind and wanted to forget everything you were there to say "It's okay." How can I ever thank you for backing up my answers to the questions I had no idea how to answer. You are special to me and will always be. Kate, thanks for helping me survive these past months of trouble and worry. Thanks for making me laugh when things were hectic! I'll never forget when you thought the DJ was "infatuated" with you. But Hey, it was 3:00 am!! I've enjoyed being Squad Capts. and Ass't Eds with you! I love ya! Alison—thanks for your great attitude. You'll never know how much I appreciate everything. By the way, done any headstands lately? Ha, I registered you in next years Typing I. I love you bunches. Wendi—what can I say? I'll miss breaking school rules and almost getting caught. Thank God for your garage! Thanks for being so fun-loving and spastic! You're a fantastic friend! And I want to thank Brian for all the sweet compliments that boosted my days. Good luck in the Army! Amy—there's not much I can say because you know what I feel. Thanks for listening and always being there. You always make me laugh and know all the clever things to say! Have fun at TECH. Be careful and take care because no one could fill your shoes in my life. Caroline—your a Senior!! I've seen you try to make up your mind about what to try-out for, do pre-cal, (which you helped me with), and just turn into a great girl. You have a year of memories ahead of you, so just have fun! Well, to everyone—thanks for your hard work and devotion. Ya'll are the best staff I've worked with. This is one book I am proud to show off and call "the best of 1987"!

TARA TAYLOR

AMY A.

I can't believe this is the last year I will be a part of the Talisman staff. For the past three years this staff has given me some assurance to know that I'm really a part of Cooper High School. It makes me happy to think so many different people like all of us can get together and put out such a wonderful book as we have. To the sports staff, Jenell, and Janice thanks for all ya'lls hard work and dedication, ya'll were great and I'll always remember how much each one of you put into the making of the 1987 Talisman. I hope to everyone that this book is as rewarding and special to you as it is to me. To Mr. Holladay, I'll never forget your many errands we ran for you (Ha-ha). You are a wonderful friend, teacher, and most of all influence, but last of all how could I forget the dreadful F-F-F-F threats. To Donna Wise, this year could never have been the same without you. You are truly someone special, I love you. To all of Cooper High School, take this book we have put together for you and be proud of it and cherish it for the rest of your life and remember the many good times C.H.S. has brought you. It is hard to leave all of this behind, but I know nothing can ever take away my many memories involving the Talisman and the Big Blue Crew!

Thank you,
Amy Anderson

AMY J.

Well it's been real, it's been fun and I guess you could say it's been real fun!!

Everything has gone by so fast this year it's hard to sit down and put into words my scrambled thoughts and feelings. All the fun times, all the bad times, all the crazy times, all the serious times—memories. That's all they are now, but special nevertheless. After my first year in Talisman I swore to myself I wasn't going to be in it the next year, but for some reason I came back. I'm glad I did. I guess you could say it like the Peace Corps do—"It's the hardest job you'll ever love"—I almost believe that's true. I loved the staff and granted the work wasn't easy, but the satisfaction is double the pain. Every problem I'd had was compensated for when I looked at the book and realized the outcome. I hope everyone appreciates what such a small group of people have done so that they may always have tangible memories. Few will ever understand, but maybe some will take my word for it—I'm going to miss the jokes, the witchcraft and spell books, the English, Government, and Chemistry tutorials, the barbaric food ravagings, the off campus errands, the liquid paper fights, writing notes to 4th period, the staff parties and dinners, and probably most of all, being able to be the class clown with a bunch of people who would put up with me—It was great fun!!!

I have broadened my horizons, not only in the field of journalism, but also in the field of "Famous Staff Quotes." I suppose I should just name a few of my favorites just for old times sake: "If you want it done right, in fact, if you want it done at all, do it yourself," "Who brought food?" "Where have you been?" "When are the photographers going to get it together?" and two of my favorites—"Go ask Fran" and "No!" I'm sure these are memorable by all whom it may concern. I suppose I should close on a more serious note so in one word I'll cover most of what I feel—Thanx! I look to the people on the staff as friends—everyone of you. Many times you might not have known it, but you've impressed me, made me laugh and most of all taken away the judgemental qualities so often found in people today. I like you all for who you are. It's strange how a group of people working together towards the same goal can become a type of family. Though everyone is different—the diversity has worked as an asset and has made me see behind the masks so many people have. Thank you all for being my friends. I'll close with this quote "Some people come into our lives and quickly go—Others stay for a while, and leave footprints on our hearts . . . and we are never ever the same . . ."

Thanks for the memories,
love Amy J

A time to embrace, and

There in front of the class he stands! A look of wistfulness in his eyes—Remembering the day he took command. With hopes and ambitions so very high. I've tried to be a friend to each and to nurture their receptive minds. To transmit the love of what I teach. To be an asset to all mankind. Some of us, as students, understand. The many hours our teachers spend. And the many frustrations they withstand. So we count them as a special friend. You have been an inspiration—and a comfort, and a guide. You have our utmost admiration. Thanks for helping in all we've tried. Thanks to all who have contributed to one of my most precious possessions—my education!!!!!!!!!!

ALTA DEA

Man will ask and we'll be there, answering to each beckoning call. We're sisters filled with love and hope, and together we'll stand very tall. Our only plea from society is to love as one should love. Togetherness conquers all life's tolls with the aid of the one above.

Alta Dea is a clan in charity and our main duty is to help others. This year the girls have given a new meaning to a "helping hand" by giving of themselves wherever and whenever it was needed. May the world continue its griefing cries and may Alta Dea continue to comfort those who mourn.

Louisa Williams
Alta Dea President

Alta Dea does are a symbol of femininity, serenity, and aggressiveness.

Friends Forever
Juniors

Don't walk in front of
me,
I may not follow.

Don't walk behind
me,
I may not lead.

Just walk beside me.
And be my friend.

A Day in a Life of a Life Long Friend

Look in the [illegible] of a [illegible] night
The morn[illegible] [illegible] the pain
Or [illegible] new sees the light
A [illegible] love still remains

[illegible] life lingers on
[illegible] wondering why
The question remain why she has to be gone
Sometimes late at night I still have to cry

When the [illegible] and starts anew
Is this the last [illegible] another
I long for the [illegible] with you
I fear not [illegible] recover

A day in a life of a [illegible] friend
A feeling that no [illegible] take away
I know in my heart we'll meet in THE END
Wait for me there and I'll find you
Someday

Todd,

I'm glad I had you in chemistry because I had the chance to become friends with you. You are a terrific person and a great friend! Good luck at Tech!

Melissa Daniel

TODD,

ITS BEEN A PRETTY GOOD YEAR IN HERE (AS LONG AS WE WERE SLEEPING OR MR. ESH WAS TALKING ABOUT ONE OF HIS WILD DREAMS) HAVE A GREAT SUMMER & ENJOY COLLEGE.

DEAN BORCIK.

Todd,

To a great sandwich maker that is always so sweet. Since your dad's so good looking I hope the future bears us well. Next hub! Thanks!

Bouchard

Todd,
Well I don't really know what to say. you are so sweet and fun to be around. I'm so glad we became such good friends. Before you came into my life I was totally different. You really have changed me for the better I think. Everyone says you are cute but I say you are gorgeous. I mean with such a cute chin who could miss. No matter what you say I'll always think its cute. I hope you have fun at college. Even though you're going to Texas Tech. Someday you'll think back and say dadgumit I should've went to UTA. But in the mean time I wish you all the luck in the world. I hope you have a great summer. You better come see me sometime. I can't come to Wendys all the time you know. Without you I would've had to walk all the way home everyday even when it rained and on Fridays (everyone knows that's against my religion.) But our relationship could've been even better if you didn't have such a terrible work schedule. Not that it gets much better than this. I hope that you never forget me. I think that would be really tragic don't you. You better stay away from those college girls they won't ever feel for you what I do

not only do I treasure our friendship very much, but I feel something more. I'm not sure what it is but I know it is something really special. No matter what happens in the future I'll always have my memories of you. You ought to let me have some pictures of you so I can remember you even more.

Well I know this is getting long and mushy (as my mom would say) so I guess I'll start closing. I hope that I have made your life at Cooper High school a little bit better. I know you've made this year alot better for me. I hope that the end of school doesn't mean the end of such a good thing as our relationship. Never forget me O.K. If you do I'll come back and haunt you. I really mean it. Well I better stop writing since I've already taken up almost two whole pages but Hey. When you read this later on you'll laugh at all of our stupid little jokes and sayings Huh!?! You better keep in touch with me not just this summer but in the future too. I wish you the best of everything I hope everything turns out the way you want it to. I mean everything. Even your college days at that stupid school Texas Tech.

I really better go. O.K. (There's another of our sayings.) We have so many its hard not to use them. I have so much more to say. but I don't know how to put it so I guess I'll go. For real this time.

Love,
Becky Barker

Todd,

Well, I'm really glad that we got to be friends! Thanks for helping me close on the nights (at Wendy's) even when you were off the clock. you're a great guy to be around, and you're a hell of a lot of fun! Every time I think of you, I have to sit down! Anyway, I really will miss you this summer while you're at Texas Tech! Come to Wendy's every weekend to close, O.K? On the clock, of course! Stay sweet and funny as always!

Class of 88!

Love ya!
